We Express Our Gratitude to Florida's Optometric Community

In 1991 local optometrists created The Dade Optometric Visual Enhancement Foundation, Inc. to address their concerns about the number of children failing school vision screenings but not receiving follow-up eye care because of financial need. The Foundation was renamed the Dr. Bruce Heiken Memorial Fund in 1992 as a tribute to Dr. Bruce Heiken. Now a division of Miami Lighthouse called the Florida Heiken Children's Vision Program, since inception this blindness prevention program has provided comprehensive eye examinations and glasses when prescribed at no cost to over 142,000 low-income schoolchildren who had no other source for vision care.

We Express Appreciation to Our Annual Supporters
